Goods worth 7, 10, 12 1-2, 15, 25 and 50 cents, go at 5, 7, 9, 10, 20 and 38 cents.

MRS. B. KAATZ & SON

203-205 Kindred Street,

East Brainerd.

CAPSIZES IN A SQUALL

WHALEBOAT CONTAINING SEVENTEEN PERSONS UPSETS AT PORTSMOUTH, N. H.

FOURTEEN ARE DROWNED

Party Consisted of Waiters and Waitresses Who Were on a Pleasure Excursion—Three of Them Rescued by Fishermen Who Put Out From the Shore in Dories—Unfortunates Were All Young People.

Portsmouth, N. H., July 18.—A nineteen-foot whaleboat containing sixteen waiters and waitresses employed at the Oceanic House, Star Island, Isle of Shoals, who had gone out in the bay during the afternoon on a pleasure trip in charge of Skipper Fred Miles, capsized during a sudden squall and fourteen of the occupants were drowned. The other three were rescued by fishermen who put out from the shore in their dories.

The names of the drowned are: Henry Farrington, W. A. Lward, Bertha Graham, Minnie MacDonald, Eva Adams, May Adams, Catherine Bowes, Elizabeth Bowes, Bessie Chase, Annie Sheehan, Eva Marshall, May Marshall, Isabel Kaouska, Laura Gilmore.

The saved are: Alice Haggerty, Lillian Bresnahan, Skipper Fred Miles. The bodies of Farrington, Lward, Bessie Chase, Eva Marshall and Isabel Kaouska have not yet been recovered. All the others were taken from the water to the island, where they were worked over for a long time by two doctors, but without success.

Farrington and Lward were both law students at Harvard university, rooming at Forsyth hall. Both were good swimmers and lost their lives in trying to rescue the others.

The victims were all young people whose ages were not above twenty years. Most of the girls were school teachers who have passed their summer vacations here for several years in serving as waitresses in the hotel.

SEVERE STORM AT CHICAGO.

Several Persons Injured and Great Damage Results.

Chicago, July 18.—Damage estimated at thousands of dollars to property was done in this city by a terrific wind and electric storm which swept the southwest portion. Several persons were injured during the progress of the storm. Store fronts were blown in, elevators unroofed, chimneys, sign boards and trolley wires tumbled down, down town business houses flooded by the downpour of rain and along the harbor front a score of small bathing houses and out-buildings were torn loose from their fastenings and sent bounding out toward the government piers.

Sixty-eight miles an hour was the velocity attained by the wind. The highest record heretofore gained by the wind, so far as recalled at the weather office, was the time of the Galveston storm, and then the velocity here was but four miles an hour greater.

MUST STAY IN NAVY.

Influence Cannot Hereafter Obtain Discharge of Enlisted Men.

Washington, July 18.—President Roosevelt has decided to put a stop to

the use of influence to obtain the discharge of enlisted men from the navy. According to what is said at the navy department, this practice has become so common that the applications for discharge exceed the enlistments, and, as the congressmen have been pretty successful, the attempt to increase the enlisted personnel has not been successful.

The navy department has received from Oyster Bay an order of the president, issued on the recommendation of Secretary Moody, which directs, in effect, that the recommendation of senators and representatives for the discharge of bluejackets shall be ignored.

CAPTAIN RESSINGER DEAD.

Succumbs to Fever on the Warship Philadelphia.

San Francisco, July 18.—The United States steamship Philadelphia arrived from Panama in command of Lieutenant Commander Charles Laird. Captain William Wagner Ressler, who was in command of the Philadelphia when she left Panama, died July 10 of Panama fever. He was buried at Magdalena.

Captain Ressler leaves a wife and a married daughter in Washington.

CONSTABULARY CRUSHED.

Small Government Force Defeated by a Hundred Ladrone.

Manila, July 18.—A hundred ladrone armed with bolos and rifles attacked and defeated eight of the constabulary near San Mateo, Manila province. The losses of the constabulary were one man wounded and five missing. The constabulary have asked for reinforcements of 100 men to pursue the ladrone.

Cloudburst at Plattsmouth, Neb.

Omaha, July 18.—A cloudburst occurred at Plattsmouth. Half a dozen frame buildings collapsed, the electric light plant was rendered useless and every cellar in the place was filled. Several stocks of merchandise were seriously damaged. The total loss is estimated at \$200,000. A landslide north of town completely blocked the Burlington tracks.

Fatally Injured by Dynamite.

Cumberland, Wis., July 18.—While blasting stumps with dynamite, Joseph Filer, a rich farmer, ten miles south of here, was blown thirty feet in the air and fatally injured. Both eyes were blown out. Filer lit a fuse and then tried to put it out with a bucket of water, but was too late.

The Canon and the Lawyer.

The point of the following story lies in the important part which the "three-penny bit" plays in church collections in England. Canon Blank was having a friendly game of pool at the squire's, and one of his opponents was Wigsby, the barrister. The canon lost a "life" and took from his pocket a three-penny piece to pay for it, which he placed on the edge of the table.

"Oh," said Wigsby, "I see, canon, you have had your finger in the plate." The canon drew himself up to his full height, a good six feet, and, looking the man of the law full in the face said, "I'm surprised that you, Mr. Wigsby, in the presence of this respectable company, have the audacity to recognize your own paltry contribution."

The Morning's Work All Done.

Mistress—Is that sewer gas I smell? Servant Gately arrived from Oshkosh—No, ma'am. I've cleaned the rooms, made the beds and turned on the gas ready for the night—American Hebrew.

Large line of 2nd hand Household goods to be sold for storage at D. M. Clark & Co's.

CHANCES VERY REMOTE

SENTIMENT OF MINERS' CONVENTION IS AGAINST A GENERAL STRIKE.

MITCHELL MAKES A SPEECH

Mine Workers' President Strongly Advises Against a Suspension of Work by the Bituminous Men and Urges a System of Assessment to Afford Aid and Support to the Striking Anthracite Workers.

Indianapolis, Ind., July 18.—If the voice and influence of President Mitchell of the United Mine Workers shall prevail with the members of his organization, there will be no general strike of the organization. The chances of such a step being taken now are very remote. In his speech in the convention Mr. Mitchell advised strongly against a strike, and urged that the bituminous miners continue at work, and that a system of assessment upon the members of the order, which he outlined, be carried into effect, as the best means of affording aid and support to the striking anthracite men in the East.

His recommendations, if adopted by the convention, would have settled the entire question for which the convention was called, and an immediate adjournment would have followed. A motion to adopt the suggestions of President Mitchell provoked a long debate, in which the general sentiment was against the ordering of the strike. The men from the anthracite regions finally made a request that they be allowed to hold a caucus to determine upon an expression of opinion as to what they thought the convention should do and asked an adjournment of the convention for this purpose. Their request was granted, and the adjournment taken. The men who were in favor of a strike were in a decided minority in the convention. Three speeches were made by members of the anthracite districts, asking that the soft coal men walk out and twice as many were made by the anthracite men urging the soft coal men to continue at work.

When the convention met in the afternoon a motion was made and carried that the convention go at once into executive session. John P. Reese of Iowa moved a reconsideration of the vote by which this action was taken, declaring that in view of the momentous issues depending upon the action of the convention.

Secret Sessions Were Undesirable.

"The entire United States is watching this convention," said Mr. Reese, "and we must take no chances of being placed before the country in a wrong light. If we go into executive session the newspapers will get it just the same. The papers always get the proceedings of the convention when it goes into executive session and they always will, even if they have to buy their news from some of the gentlemen who are in favor of an executive session."

The speech of Mr. Reese carried the day, the vote was reconsidered and it was decided that the meetings of the convention would be open to the public.

President Mitchell then made his address, which was greeted with great applause from both anthracite and bituminous miners.

President Ryan of the Illinois miners at once offered a motion which was promptly seconded, that the recommendations be adopted. The question was just being put when a delegate rose to ask for information, and then began the debate which continued until adjournment.

Delegate William Downey of Indiana spoke strongly in favor of the adoption of President Mitchell's recommendations and when he sat down was greeted with cheers. Patrick Gildea of Pennsylvania, an anthracite man, urged that the question of the general strike be left to the soft coal men entirely.

William Monaghan of Streator, Ill., advocated the adoption of Mr. Ryan's motion, but desired an amendment to the effect that the president of the organization be granted the power to increase the assessment if he found it advisable to do so.

John S. De Silva of district 9 of Shamokin, Pa.,

Made a Ringing Speech

In favor of the recommendations of the president.

Several of the anthracite men spoke of a desire to hold a caucus to enable them to act as a unit in presenting their demands to the convention. Mr. Ryan of Illinois offered to withdraw his motion that the recommendations of the president be adopted, until the anthracite men could hold a caucus, and President Mitchell said that if the anthracite men wished the hall for the purpose of holding a separate session, they could have it.

Lewis L. Lewis of Parsons, Pa., an anthracite delegate, said that neither he nor any other anthracite man was sent to the convention for the purpose of asking the soft coal men to violate their agreements.

Patrick Fitzpatrick of Dunmore, Pa., an anthracite miner, with snow white hair, made a nery speech urging the soft coal men to strike.

D. J. Davis, an anthracite miner,

urged the bituminous men to stick to their contracts.

Patrick Finney, a youthful soft coal miner from the Pittsburgh district, urged that the contracts of the soft coal men be respected.

John Fallon, an anthracite man from the first district, urged a general strike.

Other speeches were made, those in favor of the recommendations of President Mitchell being in the ratio of 3 to 1, compared to those against.

Upon motion of John Dempsey, secretary of District No. 1, of the anthracite district, an adjournment was then taken until morning to enable the anthracite men to hold the caucus.

Three States Oppose a Strike.

At the caucus of the Illinois delegation it was determined to oppose any general strike. It was also decided to stand by the recommendations of President Mitchell with the exception of the one declaring in favor of an assessment of \$1 per week.

Action similar to that of Illinois was taken by Ohio.

The Iowa miners held a caucus and decided to uphold the action of President Mitchell. The action of the caucuses makes a general strike practically out of the question, as the anthracite men cannot carry their point without the aid of Illinois, and with that state and Iowa and Ohio against them, there is no apparent manner in which a strike can be ordered.

The meeting of the anthracite miners held after the adjournment of the convention resulted in nothing but the conclusion that there was no way in which a strike could be forced, and that those members of the anthracite district who were anxious for a strike would be disappointed. There was a long debate in the caucus and finally a vote was decided upon, but when it had been partially taken it was seen that the result would be so strong in favor of upholding President Mitchell, that the vote was not concluded.

TO DEAL WITH TRUSTS.

Russian Government Proposes an International Conference.

London, July 18.—Details of an important move by Russia, which have evidently been suppressed hitherto by the censor, have transpired in London. This move is no less than a proposal by the imperial government for an international conference to deal with trusts.

Baron de Staal, Russian ambassador in London, about ten days ago presented to the British government a note from M. de Witte, the Russian minister of finance, which note was sent also to all the powers that signed the Brussels sugar convention, proposing these powers should consider, in common, means to protect international commerce against the artificial depression of prices, not only by government measures, such as export bounties or the control of production, but also by the much more dangerous processes adopted by trusts, private undertakings or cartels, which tend artificially to influence the international market.

This explains the mysterious reference made in the Financial Messenger of St. Petersburg early this week to a recent note of M. de Witte, which, the paper said, "is an application, in the economic domain, of the principles of the Hague conference."

EARL CADOGAN RESIGNS.

Lord Lieutenant of Ireland Relinquishes His Portfolio.

London, July 18.—Earl Cadogan has resigned the lord lieutenancy of Ireland.

The Earl of Pembroke, lord steward of his majesty's household, and the Duke of Marlborough, are mentioned to succeed Earl Cadogan.

The fact that all the ministers except Earl Cadogan, including Sir Michael Hicks-beach, attended the cabinet council shows that Prime Minister Balfour has asked all of them to remain in office till the end of the present session of parliament.

The Marquis of Londonderry, postmaster general, in a public speech, announced that Mr. Balfour had asked him to retain the postmaster generalship and that he had consented to do so.

It is understood that Mr. Balfour intends to reduce the number of ministers in the cabinet, which has been increasing in recent years until it has become almost unwieldy. Neither a lord lieutenant of Ireland nor an Irish chancellor is likely to be included in the next cabinet.

NO DEMONSTRATION WANTED.

Boers Discourage Proposed Meeting at New York.

New York, July 18.—It has been decided at a meeting of Boer sympathizers, called by the American Society of Freedom, that there shall be no organized public demonstration of sympathy with the Boer prisoners now here, who have just been released from the Bermuda prison. General De Villiers, in addressing the meeting, said:

"Our position is one of extreme delicacy. We have just sworn allegiance to King Edward VII., and are going back to our country under new conditions. Our country is under martial law, and we do not wish by word or act to do anything which might, perhaps, make conditions worse."

Most of the prisoners will sail on July 23 for South Africa.

Still Young.

Teacher—I am surprised that you are not further advanced. You are extremely backward for your age.

Little Girl—Yes'm. Mamma wants to marry again.

Lamps That Talk.

Electric lamps not only can be made to talk, but also to sing. An ordinary arc light can be made to produce sounds in two ways. One is by placing the arc in the circuit of a telephone instead of the ordinary receiver, and the other is by placing it in the circuit instead of the ordinary transmitter.

In either of these positions it will pronounce words, which can be heard distinctly at a considerable distance.

It naturally follows, also, that the electric arc can be utilized as the receiver and also as the transmitter of a telephone.

The French Horn.

The French horn or cor de chasse is regarded by some musicians as the sweetest and mellowest of all the wind instruments. In Beethoven's time it was little else than the old hunting horn, which, for the convenience of the mounted hunter, was arranged in spiral convolutions, to be slipped over the head and carried resting on one shoulder and under the opposite arm. The Germans still call it the waldhorn—that is, "forest horn."

Actors' Superstitions.

To rehearse a play on Sunday is a sure sign that that play will not be a success for the manager ordering the rehearsal and that salaries will be lost by all who so participate on the Lord's day. To twirl a chair at rehearsals is just as good as betting on a sure thing that a fight will disrupt the friendship of at least two members and perhaps cause loss to the management for that week.

Tough Flour.

Mrs. Youngbride—I've come to complain of that flour you sent me. Grocer—What was the matter with it? Mrs. Youngbride—It was tough. I made a pie with it, and it was as much as my husband could do to cut it.—Philadelphia Press.

Her Cooking.

She—You say she won three husbands by her cooking? He—That's what she did. "But how did she get rid of the husbands after she won them?" "Oh, I believe her cooking had something to do with that too."—Yonkers Statesman.

The Motto That Suits.

"It would be helpful to you," said the prison visitor, "if you could take some motto and try to live up to it." "That's right," replied the convict. "I'd like to select, for instance, 'We are here today and gone tomorrow.'"

Whence Comes Electricity?

At a time when electricity is rapidly transforming the face of the globe, when it has already in great measure annihilated distance and bids fair to abolish darkness for us, it is curious to notice how completely ignorant "the plain man" remains as to the later developments of electrical theory. Some recent correspondence has led me to think that a vague notion that electricity is a fluid which in some mysterious way flows through a telegraph wire like water through a pipe is about as far as he has got, and if we add to this some knowledge of what he calls "electric shocks" we should probably exhaust his ideas on the subject. Yet this is not to be wondered at. Even the most instructed physicists can do nothing but guess as to what electricity is, and the only point on which they agree is as to what it is not. There is, in fact, a perfect consensus of opinion among scientific writers that it is not a fluid—i. e., a continuous stream of ponderable matter, as is a liquid or a gas—and that it is not a form of energy, as is heat. Outside this limit the scientific imagination is at liberty to roam where it listeth, and, although it has used this liberty to a considerable extent, no definite result has followed up to the present time.—Academy.

Licking Her Stamps.

We find the following anecdotes in a Naples paper: "At the postoffice yesterday, amid the large crowd gathered around the window, was a young English lady, handsome, well dressed and accompanied by her maid. The young lady had just purchased some stamps and was about to affix them to a number of letters which she held in her hand. Delicately tearing off a stamp, she said to her maid, 'Pull (sic) out your tongue.' And the maid, with English impassivity, thrust forth her tongue, while the mistress passed over it a postage stamp, which she subsequently stuck on a letter. She went through the entire package of letters, and for each one the obedient waiting maid thrust out her tongue for the mistress to moisten the stamp. Curious manners these English people have."

Flattery is often a traffic of mutual meanness, where, although both parties intend deception, neither is deceived.—Colton.

Give J. F. Hawkins market and grocery a call when in need of goods. A full line of staple and fancy groceries just added. 13-1f

LOCAL NEWS NOTES.

Mrs. Clulow went to Motley today. Miss Minnie Peterson returned from Nort Branch today.

Dr. Mowers will leave Sunday morning for an eastern trip.

Rev. N. P. Glemaker returned from Little Falls this afternoon.

Dr. Batcheller and party returned from Parkerville this afternoon.

Herman Linneman left for Pillager this afternoon on business.

Al Ferris, Geo. LaBar and F. B. Johnson went to Cass Lake this afternoon.

Dr. Reimstead returned this morning from the north, where he went on business.

I. D. Newcomer, after a visit of a day or two in the city, left this afternoon for the east.

W. J. McFetridge, special agent for the Northern Pacific, is in the city this afternoon on business.

Dr. Butler, of Pequot, is in the city as a witness in the case of A. L. Cole & Co. vs. Bonness & Co.

E. R. Jones returned from Minneapolis today, where he went to attend the funeral of his sister, who died day before yesterday.

A. H. Bennett returned today from Gull Lake, where he and his wife and Mr. and Mrs. Walter Guthrie have been camping out for a week.

Sheriff Erickson left this afternoon for Stillwater with J. H. Van Unger, who goes to serve a two years and nine months sentence in the penitentiary.

Last night there was a meeting of Brainerd Lodge, B. P. O. E., and two candidates were initiated into the order, Dr. C. F. Watkins and S. E. Englebreton.

P. H. Puffer is the name of the new employee in Agent W. D. McKay's office in this city. He will assist Mr. McKay at the ticket window and work at other duties in the office.

Those who accompanied the Elks team to St. Cloud this afternoon were: J. T. Sanborn, F. G. Hall, Henry Poppenberg, M. J. Reilly, H. D. Treglawny, W. S. Cox, Dr. Thabes, C. A. Albright and Miss B. Brown.

The Iowa and Minnesota Land Co. has sold W. P. Locke's farm to Geo. F. Kern of Olivia, Minn., consideration \$200,000, and 721 acres in 138-28 to B. Summa of Pleasantville, Iowa. Consideration \$5000.00.

The Ladies' Aid of the Presbyterian church will serve ice cream and cake Wednesday afternoon at the home of Mrs. T. J. Jackson, 516 Broadway south. Charge 15 cents. All are cordially invited.

Mr. and Mrs. C. E. Floberg leave tonight for Tacoma, Wash., where they expect to make their future home. Mr. Floberg has been a resident of this city for fifteen years and has been working most of that time in the Northern Pacific shops.

Charles Coenen and wife of Brainerd were in the city Wednesday, and sold to T. J. Monahan their residence property at the corner of third street and First avenue northeast. Mr. Coenen intends starting a harness shop in Brainerd.—Little Falls Transcript.

Miss Jessie Tyler last evening entertained a large company of friends in Walker hall in honor of the Misses Rose McClary and Laura Winkler, of Chicago. Dancing was the order of the evening. A delightful time was had. Light refreshments were served.

Prof. Gustaf Liese, of Duluth, is in the city today having just returned from Devils Lake where he has been assisting the North Dakota Regimental band at the encampment Prof. Liese has made up his mind to move to Brainerd after August 1. He is one of the best violinists in the country and has taken a position with Prof. Graham's orchestra.

The Misses Lillian and Rose Koop and Miss Katherine Keene have returned from White Sand lake where they enjoyed a delightful outing.

The Doe and the Jackdaw.

In Savernake forest I once witnessed a very pretty little scene. I noticed a doe lying down by herself in a grassy hollow, and as I passed her at a distance of about fifty yards it struck me as singular that she kept her head so low down that I could only see the top of it on a level with her back. Walking round to get a better sight, I saw a jackdaw standing on the turf before her, very busily pecking at her face. With my glass I was able to watch her movements very closely. He pecked round her eyes, then her nostrils, her throat and in fact every part of her face, and, just as a man when being shaved turns his face this way and that under the gentle guiding touch of the barber's fingers and lifts up his chin to allow the razor to pass beneath it, so did the doe raise and lower and turn her face about to enable the bird to examine and reach every part with his bill. Finally the doe left the face and, moving round, jumped on the deer's shoulders and began a minute search in that part. Having finished this, he jumped on to the head and pecked at the forehead and round the bases of the ears. The pecking done, he remained for some seconds sitting perfectly still, looking very pretty with the graceful red head for a stand, the doe's long ears thrust out on either side of him.—Birds and Man.

Amazon Ant Gardens.

Dr. E. Ule contributes to Engler's Jahrbuch (supplement 30) some interesting observations on "ant gardens" in the Amazon region, where they abound on a large number of goody plants. They are generally spherical in form and about the size of a walnut. They are formed by several species of ant, which appear to collect the seeds of many different plants and to sow them in these nests, covering up the seedlings with humus when they begin to germinate. In the structure of these "ant epiphytes" the foliage and the roots display characters which especially adapt them for the situation in which they grow and promote also the protection of the ants themselves in their nest. Quite a number of the epiphytes were found as denizens of the ant gardens and nowhere else.

The Biggest Not the Best.

A New York dealer who has handled shiploads of fruit said recently: "It is often amusing to see men, women and children picking out, as they believe, the choicest fruit at the market stands. If there are a half a dozen large oranges within sight, they will have them, even if it is necessary to overturn all the rest in the box or barrel, and this is true with most all other varieties that are sold by the piece or dozen. They invariably get the poorest specimens of the whole crop and yet are not aware of it. Very rarely you will find a person who is a good judge who will at once size up the heaviest oranges, lemons or bananas, regardless of size, and they capture the choicest fruit."

Why Two Ears Are Necessary.

Sound travels by waves radiating from a central point of disturbance. Just as waves radiate when a stone is dropped into still water. So far as the hearing of each individual is concerned these waves move in a direct line from the cause of the sound to his ear, the impact being the greatest in the ear nearest to the source. This being the case, a person who has totally lost the sense of hearing in one ear, although he may imagine that the defect is of little consequence, cannot locate the direction of a sound to save his life, even when the center of disturbance is quite near him.

A Literary Light.

A short time ago a well known writer of London, remembering that he had never read the noncanonical books, went out in search of a copy and in one bookshop after another drew blank. At last he went to his own particular newspaper shop, which also dealt in Bibles and light literature. "Have you the Apocrypha?" he asked. For a moment the young woman behind the counter was puzzled; then, brightening, she said, "Is it a weekly or a monthly?"

When the Eyes Stick.

Inflammation of the conjunctiva or membrane which shields the front of the eyeball from the air and takes the rub of the eyelids, is indicated by the glued state of the eyes in the morning and more especially by their bloodshot condition, the vessels being bright red in color and winding about in great irregularity, with no discernible order or plan.

Wormy.

Shopkeeper (to small child, who has brought back a recent purchase)—What's the matter with the cheese, my dear?
Small Child—Please, father says when he wants any bait for fishing he can dig 'em up in our back garden.—London King.

What "Port Your Helm" Means.

In this country the helm is put to the port side of the ship (or left hand side looking forward) at the order, "Port your helm!" The rudder of course goes to starboard, and the ship's head moves to starboard. This is the rule of most nations, but in Sweden the reverse is the rule.

The Girl From the Scientific School.

"Our daughter has at last met her fate, my dear."
"How do you know?"
"She received several letters from her admirers this morning, but his was the only one she didn't fumigate and sterilize."

CAPTURED AND BROUGHT BACK

Sheriff Hardy Returned From Washington with Paul Rolaff a Fugitive.

HE IS CHARGED WITH SEDUCTION

Young Girl is his Accuser and it will go Hard with Him.

Sheriff George Hardy returned from Washington state this afternoon having in custody Paul Rolaff, a young man wanted at Walker, on the charge of seduction. The sheriff has been hot on the trail of the young man for sometime, but it was only a short time ago that he got track of him. He was arrested at a small place called Edwold, about one hundred miles out of Spokane.

The young girl, who is Rolaff's accuser, is only about sixteen years of age, and the people in the vicinity of her home are quite indignant over the affair. It is likely to go hard with him.

Wasn't His Hat, Anyway.

Mr. Weddle, visiting his wife's relatives up in Maine, fairly had to go to church that Sunday. He didn't want to go, but his wife thought it would do him good and would be apt to preserve the harmony of the family.

The sermon was long and powder dry, and Weddle stole off into the arms of Morpheus gently and serenely. As he did not snore, his wife did not suspect that he had gone to sleep alongside of her and gave herself up fully to inspecting the bonnet of the woman in the pew in front.

Like all things, good and bad, the sermon came to an end at last, but Weddle slumbered on like a baby even after a deacon began taking up the collection in a hat. When the derby was passed to Weddle, Mrs. Weddle was surprised to see that he did not respond. She nudged him violently to bring him back to his senses, and Weddle, awakening with a start, sat up-right and, bewildered, gazed at the hat in the hand of the deacon. Then he shook his head sleepily and said: "No; that isn't mine. Mine is a gray one."—New York Tribune.

Had Nerve.

"Well, ain't that a lovely customer? I just dote on waiting on that kind. Did you see her, though?" The shop-girl was bubbling over with rage. A woman and her daughter had looked at not fewer than twenty-five silk waists. At last they took up one, and the woman brought forth a tape measure. "I think we might get it out of three and a half yards or three and two-thirds anyhow. Just wait—twenty-three inches down the front, three-quarters for the sleeves, allow a quarter for collar and cuffs. Yes, that'll do it." As she talked she ran the tape over the waist, the clerk standing by almost bursting with indignation. "Three yards of lace, one and a quarter of insertion," she went on, measuring the trimming. "Put that down, Amy. Now let's go. We can get up a waist exactly like that for \$7.50, and they ask \$14.98. They've got their nerve, haven't they?"—New York Press.

FOR KILLING HIS WIFE.

John Anderson Strung Up by a Mob at Owensboro, Ky.

Owensboro, Ky., July 18.—John Anderson, a farmer who was in jail here charged with the murder of his wife on the night of July 8, was taken from prison by a masked mob of about forty men and hanged in one of the principal streets of Owensboro at about 2:30 a. m.

The lynchers, who are supposed to have come from the scene of Anderson's alleged crime about three miles west of Owensboro, came quietly. On being refused admittance to the jail they battered down the prison door and went and led the prisoner out.

The jailer and his family were prevented from giving the alarm. Anderson was led across the street from the prison where he was hanged to a beam over a pair of scales. The mob then dispersed quietly. No arrests have been made.

Anderson was the first white man ever lynched in Davies county. At the time the murder with which he was charged was committed Anderson and his wife had been separated for about seven weeks and Mrs. Anderson was living at her father's house, whither Anderson went for the alleged purpose of affecting a reconciliation. The woman's father, it is said, entered some objections and the irate husband then shot her to death. He was arrested shortly after the crime and placed in the Owensboro jail.

SHOT TWO SISTERS OF CHARITY.

Deed of a Supposed Demented Man at New York.

New York, July 18.—Henry F. King, thirty years old, entered the office of the New York founding asylum during the afternoon and shot two sisters of charity, neither fatally. He then ran into the grounds of the institution and shot himself in the left breast, making only a flesh wound. King was taken to a police court, where he was committed without bail for examination Saturday.

King, who has been a frequent visitor to the founding asylum, is believed to be demented. He suffered for some time from melancholia, according to the police, and on May 7 was arrested in the yards of the institution after he had attempted to commit suicide by taking carbolic acid.

When he was arraigned King said he had begged the authorities of the founding asylum to give him information about his birth but they had refused to do so. This so angered him, he said, that he did not know what he was doing.

TRACY ELUDES PURSUERS.

Noted Outlaw Dodges a Sheriff and Many Picked Men.

Black Diamond, Wash., July 18.—Tracy has escaped again. He has eluded the sheriff of King county and many picked men who had advanced on his hiding place three miles from here. The posse arrived at Tracy's hiding place six or eight hours after he had left. He had taken a row boat and had gone to the east of Sawyer lake, presumably about 2 o'clock a. m., accompanied by his two confederates. Sheriff Cudihoe and the posse have returned to Black Diamond. The chase from here has been abandoned.

North Yakima, Wash., July 18.—Fifteen heavily armed men, composed of the nerviest and most trustworthy men obtainable here, all of whom are thoroughly acquainted with the country, have left here. It is said they are expecting Tracy to cross the mountains and they are arranging to guard all the passes. The posse divided a few miles up the valley, one party descending the Wenas pass and the other going up the Natchez.

FORTUNES FOR PRISONERS.

Two Convicts Released to Enjoy Good Fortunes.

New York, July 18.—In order that he may return to Germany and obtain a fortune of \$50,000 to which he recently fell heir and to which his right has been established, Richard Bassler has been pardoned by the New Jersey court of pardons. Bassler was sentenced to two years in state prison last fall on a charge of burglary. The story of the crime as he related it to the court of pardons was that while intoxicated he fell through a store window with no intention of stealing.

Another prisoner, sentenced for ten years in 1896 on a charge of breaking into a postoffice was paroled in order that he might take up the manufacture of a sewing machine invented by him while behind the bars. A company with an authorized capitalization of \$1,000,000 has been chartered to manufacture the machine. The pardoned prisoner is said to have received \$50,000 cash and a block of stock in the new company.

SOME UNEASINESS FELT.

Racial Reconciliation in South Africa Far Distant.

New York, July 18.—Some uneasiness is felt in official circles with regard to the situation in South Africa, cables the London correspondent of the Tribune. It is evident the day of complete racial reconciliation in the Transvaal is still far distant. The smouldering animosity between the Boers who joined the national scouts towards the end of the campaign and the other burghers is reported to be bursting into flame.

Root Will Sail July 24.

Washington, July 18.—Secretary Root will sail for Europe on the 24th inst. He had contemplated sailing Aug. 2, and had engaged passage for that date, but received an invitation from General Horace Porter, United States ambassador to France, to sail with him on the Savoie on the earlier date and has accepted. Secretary Root expects to return to the United States about the middle of August.

Tramp Kills Two Babies.

Birmingham, Ala., July 18.—Willie Cannon, a colored tramp, aged fifteen years, confessed to Chief of Police Austin that he had recently killed a white baby at Cahaba, and a negro baby in Birmingham. The body of the last named baby has been found.

VAN UNGER GOT A SEVERE SENTENCE

Will Spend Nearly three years in the State Penitentiary at Stillwater.

HE WAS TAKEN THERE TODAY.

Jury said to have been Six for and Six Against Acquittal on First Ballot.

J. H. VanUnger, who was arrested and convicted on the charge of grand larceny in the second degree, and who was tried before Judge McClenahan, was brought into court last evening to be sentenced. The court took into consideration that this was the first offense committed and was somewhat more lenient with him on this account, but the sentence that he did give was rather a severe blow to VanUnger. It was two years and nine months in the penitentiary.

VanUnger came to this city this spring from Little Falls representing the American Wringer Company and made many friends here. He was quite an enthusiastic fan and accompanied the base ball team wherever it went until after the first Sunday game with St. Cloud, when he was the most forward in trying to get up bets against the St. Cloudites. His relatives live in the Twin Cities.

It is said that the jury stood six for and six against acquittal on first ballot, but it did not take long for the six who were in favor of an acquittal to go over to the other side.

The case of A. L. Cole & Co., vs. Bonness & Co., is still on trial. It is one of those long drawn-out cases where volumes of figures and statistics have to be gone through. It is expected that the case will be completed this evening.

Special sale on pot roasts and boiling beef Saturday at Cale & Bane's Market, 7th street.

PUBLIC PARK.

Citizens of Bemidji in Mass Meeting Decide to bond the city for \$10,000 for that Purpose.

A mass meeting of the citizens of Bemidji was held recently and it was decided by a unanimous vote to issue bond in the sum of \$10,000, the money to be used for public improvements. The Pioneer says of the contemplated improvement:

"At a meeting of the village council held on Monday evening, it was decided to call a special election for the purpose of voting upon the question of issuing \$10,000 in bonds for the purpose of buying property on the lake front from the townsite company and for improving same. The sum of \$7,000 out of this will be required to pay the price asked by the townsite company, and the remaining \$3,000 is calculated to be put into improvements—fencing, shrubbery, walks, seats, etc.

"At first send-off the average citizen will declare that the sum of \$7,000 is an extravagant figure for the townsite company to ask for this property; but inasmuch as the company, in addition to conveying the necessary blocks and lots to the village for this sum, also volunteers at the same time to donate to the Crookston Lumber company for saw mill purposes a tract containing about 100 acres upon the south end of Lake Bemidji and fronting upwards of a mile upon that lake, the price seems to be very moderate and reasonable. So that by voting for the bonds, the village will have accomplished the purpose of attracting to the city a saw mill of a capacity equal to that of the Brainerd Lumber company at Brainerd, and also will have provided a park system of extraordinary beauty and attraction; for the tracts which it is proposed to buy from the townsite company will give the village practical control of the lake front for park purposes from Fourth to Twelfth street at the far end of Lake Park addition."

New York and Atlantic City at \$18.00 for round-trip, via Nickel Plate Road, July 17th and 31st. Return limit 12 days. Stopover at Chautauque Lake and Niagara Falls within final limit. City Ticket Office, 111 Adams St. John Y. Calahan, General Agent, Chicago, will be pleased to give detailed information.

At J. F. Hawkins market and grocery you will find fresh goods, the best the market affords. 13-1f

MAY HAVE MASONIC TEMPLE.

Some Talk that the Upper Floors of the New Bane Building will be Utilized For this Purpose.

There is some talk that Brainerd will have new Masonic quarters. It is understood that the Masons have made a proposition to E. C. Bane for the lease of the upper stories of his new building on Seventh street south. These could be made into well quarters and there is a strong probability that the deal will go through.

Special sale on pot roasts and boiling beef Saturday at Cale & Bane's Market, 7th street.

Great Buffalo and Wild West Show.

The Great Buffalo and Wild West shows carry the only herd of wild buffalo in existence. This magnificent animal, that once roamed the vast plains of the west in countless thousands are now practically extinct, beyond the few that are scattered among the parks and zoological gardens of the east and the small government herd in the Yellowstone national park. This herd is the last sad relic of the famous American bison.

These animals are not puny half-bloods, but are the true, full-blooded majestic creatures that were once the main dependence of the copper colored kings of the west.

This herd are the pick of a small number found by Chas. Allard, the Montana cattle king, on an almost inaccessible island in the Flathead river, located in the most remote vastnesses of the Rocky mountains. The United States government has tried several times to buy this herd, offering two thousand dollars a head for all bulls, cows and calves, but the management of the Great Buffalo and Wild West Shows has steadily refused these offers and prefer to carry and exhibit them to the people of this country.

These buffalos are a rare sight and worth going many miles to see.

WILL HAVE SOME GOOD RACES.

M. K. Swartz Planning for Some Good Events at Driving Park on Labor Day.

Besides the very many popular events already arranged for Labor Day by the Trades and Labor Assembly, M. K. Swartz is planning on a race meet which will, among other events of the meet there, include a gentleman's race, which will include horses that can go some, but have never been entered in any races. This will take in the best driving horses of the city, and there should be a good turn out in this event. The details of the meet with further particulars regarding the time, etc., will be announced later.

Weekly Market Letter.

The following market letter is furnished by Edwards, Wood & Co., Grain Commission Merchants, 8 Chambers of Commerce, Minneapolis:

Trading in grain for the last week has been on a fairly large scale, attended by wide fluctuations in prices of coarse grains. The feeling in wheat was nervous and unsettled, as must necessarily be the case, when the weather is the chief influence. Wet weather did considerable damage to wheat and oats in shock and stack, and still uncut, and interfered with the movement. The storm on Saturday destroyed 70,000 acres of crops in Western Minnesota and Eastern So. Dakota, and the severe storm of Tuesday is reported to have done much damage in the Red River Valley. These storms are considered local in character, and have had no apparent influence on the market.

Wheat closed on Saturday about 1 lower than on Monday a week ago, and since Saturday has declined from 2 to 2 1/2 cents. Lower cables, generally favorable weather, and the collapse of the corner in July corn have caused the decline. July corn dropped 2 1/2 cents per bu. between Monday morning and the close on Tuesday. The visible supply of wheat increased 633,000 bu. and Bradstreet's worlds available supply decreased 2,995,000 bu. Primary receipts so far this week are 2,669,000 bu.

Advertised Letters.

Budge, E. E. Larson, L. K. Dubey, Avery, Moore, John. Billmore, Thos. McGuire, James. Erling, Mrs. Rogers, Mrs. Maggie T. DuBois, Mary. Rue, Susan, 2. Falconer, James. Scott, Mrs. Dave. Farner, John. Simpson, Clara. Gaten, John. Simpson, Mrs. Cora. Higgins, John. Steinhilber, Louis. Johnson, Mrs. L. G. Wemple, Charles. N. E. JENSEN, P. M.

COMPANY F LEADS ENTIRE STATE

Winners in Third Regiment and Beat All Records of Other Regiments.

FIFTY-THREE POINTS AHEAD

Of the Highest Number of Points Made in the Other Two Regiments of State.

Company F, of Brainerd, has reason to be prouder than ever now since the records of the shooting of the First and Second regiments of the N. G. S. M., has been made public. The Third regiment, in which Company F is included, went into camp first at Lake City and while there Brainerd's crack riflemen carried off the honors of the entire regiment, making a total of 849 points. In the Second regiment Company C, of Winona, carried off the honors with 796 points, and in the shooting in the First regiment Company B, of Minneapolis, did the best work, making a total of 784 points. These three companies will therefore send teams to the state shoot on August 4th and they will compete for the state championship.

Brainerd's company did the best shooting in the state, beating every company in the three regiments.

Echoes from Parkerville.

Manager Henry Dunn of the Parkerville Base Ball Club, would like a match game with any first class team. Will play for a keg of nails or a \$100 bill. The same to be used in developing a natural cold water spring, recently located by Mr. Dunn. The above named team has been working hard of late, and Henry believes he has a winner.

ON THE DIAMOND.

Dr. Watkins will twirl for Brainerd's Elks team Friday afternoon at Athletic park when they meet the St. Cloud Elks. Englebreton will do the backstop work. They form the battery for the first team and are certainly fast, but the St. Cloud Elks will be unbrotherly and will straighten out some of the doctor's curves for him. Hammerel will be at home and will pitch for St. Cloud and either Wire, Brigham or Barden will catch. The game will be called at 4 o'clock Friday afternoon and it is expected that quite a number of Brainerd Elks will be in the city to assist their team. Ladies will be admitted free.—Journal Press.

Up to date, the Brainerd Dispatch has not told its readers that St. Cloud won the Sunday game from Waseca. Smoke up, Grif, your pipe is out.—Journal Press.

The Brainerd base ball team goes to Ashland tomorrow morning, leaving here at 4:05 a. m. to play two games with the team of that city, tomorrow and Sunday.

The Brainerd Elks' team went down to St. Cloud this afternoon. The team will lineup in the game with St. Cloud today as follows: Watkins, p; Englebreton, c; T. Murphy, 1b; Canan, 2b; J. F. Murphy, 3b; Parker, ss; Hagberg, rf; Nolan, cf; Thabes, lf.

Buy Red Star Yeast, the best in the city, for sale by D. Mahoney the leader in good things to eat. 28tf 708 Front St.

Trunks and Grips at D. M. Clark's.

Child Labor Discussed.

Hon. John C. Chase, who will deliver a lecture in this city on July 29 or 30, when mayor of Haverhill, Mass., worked almost exclusively in the interests of the working classes.

Haverhill, Mass., is a city of 37,000 inhabitants, devoted almost exclusively to the manufacture of shoes. The story which Chase tells of the condition of the child workers of Massachusetts is more horrible than the concentration camps of South Africa.

Chase actually relates numerous cases of where the children and their mothers work in the mills, while the fathers remain home and act as housekeepers.

See D. M. Clark & Co's new spring line of wall paper.

Fine line of carpets. Hoffman.

CENTRY BROS. UP AGAINST IT.

City Attorney Crowell Got Busy this Morning and Some Trouble was Anticipated Over License.

There was trouble in the Gentry Bros. camp this morning, when they were confronted by a demand from City Attorney Crowell to pay a license of \$100. It seems that the city attorney was following out the instructions of the city council in the matter; that they had made up their minds not to be "flimflamed" by circus organizations in the future, as they put it.

The Gentry show did not come off this afternoon nor will there be a show tonight. It seems that the advance man for the show came along and was told that he could get a license for \$25. The \$25 was paid but when they got on the ground today they were told that they would have to pay \$100, and there you are. They decided that they would not show the town.

Special sale on pot roasts and boiling beef Saturday at Cale & Bane's Market, 7th street.

We carry a full line of groceries, just added, which will pay you to sample.

J. F. HAWKINS.

Transfer August 1.

The Northern Pacific Railway company will take over the Union depot in this city Aug. 1.

Superintendent and Secretary Robert M. Bell of the Union Depot and Transfer company tendered his resignation at a meeting of the Union Depot company, held yesterday, to take effect the first of next month.

The taking over of the depot is in reality a mere matter of form, the Northern Pacific company having been the sole stockholder of the company ever since the merger of the Northern Pacific and the old St. Paul & Duluth.

The change will abolish the office of superintendent and secretary, which Mr. Bell has held ever since the Union Depot company was incorporated in 1890. Mr. Bell said today that he had not yet formed his plans for the future.

The depot will still be under the name of the Union Depot and Transfer company, but Division Superintendent Vanderslice of the Northern Pacific company will be in control.

The officers of the Union Depot company at the present time are: President, M. C. Kimberly, of St. Paul, general superintendent of the Northern Pacific company; vice president, G. W. Vanderslice, division superintendent of the Northern Pacific company; superintendent and secretary, Robert M. Bell.

Ever since the consolidation of the Northern Pacific and St. Paul & Duluth roads the Northern Pacific company has been paying rent regularly to the Union Depot and Transfer company, the same as the other roads using the depot. It has been practically paying money to its own corporation and the same system, it is understood, will prevail hereafter, the payment of rentals by the Northern Pacific company being a matter of form. It is not understood that any other positions about the depot will be affected by the transfer.

The new depot was finished in March, 1891, one year after the Union Depot company was incorporated.—Duluth Herald.

A REPUTATION.

How it was Made and Retained in Brainerd.

A good reputation is not easily earned, and it was only by hard consistent work among our citizens that Doan's Kidney Pills won their way to the proud distinction attained in this locality. The public endorsement of scores of Brainerd residents has rendered invaluable service to the community. Read what this citizen says:

Mr. R. D. Ransom, of Third Ave., East Brainerd, fireman at the Brainerd Lumber Co., says: "For as long as twelve or fourteen years I was a sufferer from kidney ailment. My back hurt me awfully, I could stoop but when I attempted to rise, severe pain caught me in the loins. Often in bed I could not change my position and when morning came I had to be helped out of bed. The kidney secretions were of a very unhealthy color and were otherwise irregular. I commenced using Doan's Kidney Pills and one box did me so much good that I took another. The treatment cured me."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 40 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results. For particulars address,

FINISHES ITS LABORS

FULL STATE TICKET NAMED BY
WISCONSIN REPUBLICAN
CONVENTION.

HEADED BY LAFOLLETTE

Present Governor Again Nominated by
an Overwhelming Majority—With
Two Exceptions, State Treasurer
and Railroad Commissioner, the
State Went Through as Figured Out
In Advance—Ovation to Lafollette.

Madison, Wis., July 18.—The Re-
publicans of Wisconsin finished their
work in convention after nominating
the following ticket:

Governor, Robert M. Lafollette, Mad-
ison; lieutenant governor, James O.
Davidson, Soldiers Grove; secretary
of state, Walter L. Houser, Mondovi;
state treasurer, John Kempf, Milwau-
kee; attorney general, L. M. Sturdev-
ant, Neillsville; superintendent of
public instruction, Charles P. Cary,
Delavan; railroad commissioner, John
W. Thomas, Chippewa Falls; insur-
ance commissioner, Zeno M. Host,
Milwaukee.

Robert Lafollette was again chosen
to head the Republican state ticket of
Wisconsin, receiving the nomination
over John M. Whitehead by an over-
whelming majority. With two excep-
tions the ticket as a whole went
through as figured out in advance.
Those were nomination for state treas-
urer and railroad commissioner. John
Kempf of Milwaukee won out in the
contest for state treasurer, by aid of
the stalwart faction, who switched
their votes before the ballot closed.
This was the greatest surprise sprung
in the convention as Joseph G. End
of Sheboygan was looked upon as sure
of the nomination. However, when the
switching commenced it continued un-
til Kempf had a big lead and finally
landed the nomination by unanimous
vote. John Thomas of Chippewa landed
the nomination for railroad commis-
sioner over Jonas Swenholt, the
state candidate, in a similar way. Per-
haps the most exciting contest of the
day was for the place on the ticket of
superintendent of public instruction
between Carey and Harvey. Numer-
ous candidates made the work of the
convention slow.

Governor Lafollette was given a
great ovation upon being escorted to
the convention hall after being noti-
fied of his nomination. The delegates
arose en masse when the governor
made his appearance and cheered
vociferously. He electrified the dele-
gates and visitors in the delivery of
his speech of acceptance, the feature of
which was a stinging rebuke to those
of the party who failed to support the
principles laid down in the last plat-
form. He also warned the members
of the party against supporting any
candidate aspiring to a place in the
legislature who would not agree to
stand by the platform.

UP TO THE PRESIDENT.

Case of General Bragg in the Hands
of the Chief Executive.

Washington, July 18.—The first of-
ficial step has been taken in the case
of General Bragg, United States con-
sul general at Havana. The state de-
partment has heard from Mr. Squiers,
United States minister to Cuba, on this
subject and also has heard indirectly
from General Bragg. It is understood
that the general takes the ground that
this is a purely personal matter and
that he is not therefore open to of-
ficial criticism; that he had a right to
say anything he pleased to in a per-
sonal letter to his wife, and no one had
a right to question her respecting the
publication. Thus it is gathered that
the general does not either admit or
deny the accuracy of the quotation.
As the matter has been formally called
to Mr. Squiers' attention by the Cuban
government it is expected that this re-
ply from General Bragg will be sent
to the president, who appointed him
and who must decide his fate.

FOR SECOND LIEUTENANTS.

Several Northwestern Men Among
Those to Be Examined.

Washington, July 18.—The secre-
tary of war has designated several men
to be ordered for examination with a
view to their appointments as second
lieutenants in the army from civil life.
The list is to fill the vacancies exist-
ing on the 1st of July, after the as-
signment of the graduates from West
Point, and fill all vacancies existing
on that date, and completes the army
list.

The list includes Robert P. Updyke
and W. C. Nelson of Minnesota,
Harry G. Kemp of Wisconsin, Resolute
A. Palmer of Iowa and F. L. Anders
of North Dakota.

Purse of \$1,000 for Mrs. Steyn.
Cape Town, July 18.—The ladies of
Cape Town presented Mrs. Steyn, wife
of the ex-president of the former
Orange Free State, with a purse of
£1,000 before she sailed for Europe
with her husband. Mr. Steyn was in
a pitiable condition from enteric fever.
His arms and legs were partially par-
alyzed and he was unable to open his
eyelids.

King Edward Making Rapid Progress.
London, July 18.—Since his removal
to Cowes the progress of the king has
been so rapid that his physicians have
ordered a more liberal diet for his
majesty. The fleet has been ordered
to assemble at Spithead Aug. 11 for
the purpose of a review being held a
few days subsequently by the king.

Sultan of Zanzibar Dead.

Zanzibar, East Africa, July 18.—
Hamud Bin Mahomed Said, sultan of
Zanzibar, who recently was stricken
with paralysis, suffered a relapse and
died at 2 o'clock a. m. All is quiet
here. The sultan had ruled since
1896, in which year he was placed on
the throne by Great Britain.

MINNESOTA MERGER SUIT.

Will Be Transferred to the United
States Circuit Court.

St. Paul, July 18.—The state's mer-
ger suit will go before the United
States circuit court on its merits. The
attorneys for the state, W. B. Doug-
las, M. D. Munn and George P. Wilson
have entered into a stipulation to that
effect with Young & Lightner, attor-
neys for the Northern Securities com-
pany; M. D. Grover, for the Great
Northern Railway company, and C. W.
Dunn and Frank B. Kellogg, for the
Northern Pacific.

The stipulation provides that the
state shall withdraw its motion to re-
mand the case to the Ramsey county
district court.

The Northern Securities company,
and James J. Hill, as president there-
of, agree to withdraw their motion to
set aside the service of summons.

The Great Northern and Northern
Pacific Railroad companies were not
parties to the controversy over juris-
diction, but were the defendants in
the main action brought by the state
to dissolve the merger.

The defendants all agree to enter a
general appearance on the first rule
day of the court, which will be Monday,
August 4. They will then have thirty
days in which to file their answer.

After that the state will have the
same length of time in which to reply,
so it will be some time yet before the
case can be brought to trial.

Wealthy Woman Burns to Death.

Cincinnati, July 18.—At the Castello
mansion on Walnut Hill Mrs. E. M.
Castello was burned to death and her
husband was seriously burned. A
servant was burning rubbish on the
lawn when Mrs. Castello stepped out
to throw some paper on the fire. The
wind caught the blaze suddenly to
veer as she reached it and in an in-
stant she was ablaze. Her husband
and son rushed to her rescue, the lat-
ter being slightly and former seriously
burned. Mrs. Castello died from in-
haling flames. Castello is a very
wealthy contractor.

Victor Emmanuel's Visit Ends.

Peterhof, Russia, July 18.—King Vic-
tor Emmanuel of Italy took cordial
leave of the czar during the afternoon.
Prior to his departure for Italy King
Victor Emmanuel took breakfast with
the czar and other members of the im-
perial family on a balcony of the pal-
ace.

To Check Spread of Cholera.

Manila, July 18.—The municipal
health board of Manila has decided to
remove 40,000 natives from the slums
to suburban camps in an effort to
check the spread of cholera here. The
object is to clean and disinfect the
disease centers.

TELEGRAPHIC BRIEVITIES.

William H. Williams, general man-
ager of the Union News company, died
of heart disease at his home in Orange,
N. J.

Official dispatches to St. Petersburg
announce the serious spread of cholera
in Manchuria, accompanied by great
mortality.

General Charles H. Smith, U. S. A.,
retired, died at Washington, aged
seventy-five years, after a long illness
caused by a stroke of apoplexy two
years ago.

Andrew Carnegie has offered £13,-
000 to Finsbury, in the north of Lon-
don; £10,000 to Hammersmith, a sub-
urb of London, and £8,000 to London-
derry, for public libraries.

Dr. Emmett Enos is dead at the El-
gin (Ill.) insane asylum. Dr. Enos was
chief of the medical staff of the Kan-
kakee insane hospital for five years
prior to his resignation last February
when he felt his mind giving away.

chickens, 11 1/4@17c.

NEW ORDER OF SOLDIERS.

Aims of the Organization Explained
by "Private" Dalzell.

An old soldiers' organization has
been started at Washington, and it is
planned to extend it all over the coun-
try and to take into it all citizens who
ever have fought for the United States,
says the New York Times. Speaking
for the new organization, "Private"
Dalzell said:

"This organization is intended to em-
brace soldiers of all wars and their
sons in a national political organiza-
tion. It will not interfere with party
politics, religion or any other obliga-
tions of its members. It will not an-
tagonize the Grand Army of the Re-
public or the Union Veterans' union or
any other patriotic organization now in
existence, because the members of this
new organization belong to the others.

"The intention of the promoters of
the new combination, if it may be so
called, is to have organizations by
states, congressional districts, counties
and precincts, the same as the political
parties have organizations today. It is
the purpose of the organization to con-
trol nominations and elections of men
who are favorable to the soldier and if
need be to defeat, without regard to
party, any man in the country for office
who has demonstrated hostility or in-
difference to the interests of the old
soldier of any and every war.

"So broad is this new order that
President Roosevelt, himself an hono-
rably discharged soldier of the United
States army, may and likely will be-
come a member, as will also if they
desire, General Breckinridge and
'Fighting Joe' Wheeler, although they
were fighters against the Union in the
civil war. The single requirement for
eligibility is an honorable discharge
from the military or naval service of
the government. Sons of eligible mem-
bers will also be admitted to the or-
der. The Grand Army of the Republic
is prohibited by its constitution and
bylaws from interfering in any way
in the nomination or appointment or
election of any person to civil office."

"AUTO POLO" LATEST FAD.

Boston Sportsman Cleverly Showed
Its Varied Possibilities.

Automobile polo is the latest addi-
tion to the realm of sport, and Mr.
Joshua Crane, Jr., of the Dedham Polo
club has demonstrated that "auto
polo" is a possibility, says a Boston
dispatch to the New York Herald.

The automobile variety of polo is not
likely, however, to become very popu-
lar, as an unlimited number of ma-
chines would be required if there was
any "riding off" attempted.

Mr. Crane owns a big touring ma-
chine, which runs under his manage-
ment with the agility and handiness of
a well trained pony. At Karlstein the
other afternoon he gave an exhibition
of his skill in running the machine
with one hand and making a pretty
series of strokes with a polo mallet,
knocking the ball the length of the
field as cleverly as he could from a
polo pony. At the end of his run Mr.
Crane rapped a backhand and then
in a jiffy made a dazzling turn at
speed with his automobile and was on
the ball again for a run to the other
end of the field.

Mr. Crane also successfully tried
some fancy shots between the wheels
of his machine and altogether gave a
very remarkable performance. There
was one drawback, however, regarding
the strokes which may be used by a
chauffeur. On a touring machine it is
impossible to make near side strokes,
but this might be accomplished on a
runabout.

Of course it takes considerable skill
to hit a ball from the driver's seat on
an automobile, as the player must
reach out over the wheel and at the
same time maintain control of the ma-
chine, but Mr. Crane has the trick
down to perfection and never missed
a stroke on runs the length of the De-
dham polo field.

HUMOR OF MANILA FIGHT.

German Captain Related Amusing
Incident in Philippine War.

Captain Pohl, who was on board the
German cruiser Irene in Manila har-
bor, relates in the Berlin Marine Rund-
schau what he deems to be the "amus-
ing basis of the American misconception
of the attitude of Germany to-
ward the blockade." He says the band
of the Irene played an American air
after saluting Commodore Dewey's
flag, and the Spanish pilot thought it
was the Spanish coronation hymn and
related the incident ashore in extrava-
gant language.

The Spanish newspapers in Manila,
it is added, printed this version of the
incident, and the Spaniards in Manila
and elsewhere showed an enthusiastic
liking for everything German, the
commander of the volunteers of Iloilo
telegraphing to the commander of the
Irene his thanks for the "sympathetic
demonstration."

The Americans in Manila, therefore,
according to Captain Pohl, believed
the pilot's story, but Commodore Dew-
ey, knowing the facts, laughed at them.

Parasols on Whips.

Mrs. De Lancy Kane has inaugu-
rated a fashion in Newport which is
sure to find many followers among
horsewomen, says the New York
Press. She is using a whip these days
which serves as a sunshade. The pa-
rasol is placed in the center and pro-
tects her from the sun while driving
on Bellevue avenue.

A New Culinary Caprice.

Select small cantaloupes, put them
on the ice for several hours; then cut
each one in halves crosswise, remove
the seeds and seed pulp and fill the
cavity with ice cream, covering the
top with whipped cream, and serve.

POISONS OF THE BLOOD

Must be Treated Internally
Only

You may have just recently contracted
Blood Poison, or its lingering taint you may
have had for years. It is safe to say that
you are not cured. You know that you are
not. The old symptoms and troubles return
every now and then. These are sores in
your mouth, sores on your tongue, your hair
is falling out, there are copper colored spots
on your back and shoulders, nodules on your
shin bones, sharp, cutting pains in your
joints. There is only one positively guaran-
teed cure in the world today for blood po-
ison, in any stage, and that MEDERINE. It
scourges out the impurities, cleanses and
purifies the system, strengthens and invigor-
ates the whole constitution. MEDERINE
is not only a powerful blood purifier but a
system builder. It eliminates every trace
of the poisonous virus, clears and beautifies
the complexion and renders the skin soft and
velvety. We have thousands of testimonials
from people in all walks of life, who have
been cured by MEDERINE after trying all
other treatments. Write MEDERINE REM-
EDY CO., West Superior, Wis., for their
system of treatment. All letters answered.
